Bespoke Regular Savings plans backed by the Blacktower ethos

The Blacktower Group has been providing independent wealth management advice and tailored financial services since 1986.

Over the years, the group has evolved into a global company covering UK, Europe, and The Cayman Islands via Blacktower Financial Management (International) Ltd (BFMI), and in the US, via Blacktower Financial Management (US) LLC. Our global coverage means we are able to offer clients a diverse set of products backed by sound knowledge and expertise.

Our business has grown and evolved, but our core values have remained true to our original ethos: Blacktower provides expertise and knowledge to help clients achieve their personal financial goals.

We understand that when you trust a firm with your savings you are doing something extraordinary. It is an honour that should be cherished. At Blacktower, we respect our clients' choices and strive to ensure our client/adviser relationships are based on communication, confidence and understanding.

Simply putting your money into a bank savings account is unlikely to produce the levels of return that will help you mitigate inflation and boost your capital, so Blacktower strives to help you ensure your wealth is working as hard as possible for you.
