Trust Blacktower to simplify the complicated

At Blacktower, we understand that there's no such thing as a "one-size-fits-all approach" when it comes to wealth management, and that not every investor understands, or has the time to try to understand, the more confusing aspects of financial management.

That's why we pride ourselves on speaking the language you'll understand. If you are an expatriate, we can help you understand all that your chosen country has to offer in terms of financial planning incentives and initiatives, as well as making sure you keep in touch with the financial outlook at home. And if you just want us to handle everything for you then that's fine. You have our complete assurance that we'll act in your best interest at all times.

Retirement wealth management come rain or shine

Pension planning is a crucial part of your wealth management, and it's never too early to start thinking about investing. International pension transfers are a specialist field for Blacktower advisers, as is the bespoke acquisition and growth of capital assets. We will examine your longterm goals and help you plan and manage your assets whatever the weather in the financial markets.

We want all our customers to have peace of mind about their future wealth and our advisers will guide you through all the options that could work for you. For instance, if you're an expatriate living abroad, perhaps a Qualifying Recognised Overseas Pension Scheme (QROPS) would be a suitable option for your retirement pot.

Effective tax planning

As an expat, tax planning should form a significant facet of your wealth management strategy. Tax legislation varies from country to country, and how these laws apply to you will vary depending on your status in your country of residence.

While we are not tax advisers, our independent financial advisers have plenty of local knowledge to help you make the best use of tax allowances in your individual situation. And if your circumstances require it, we can help you find a professional tax adviser whose knowledge will suit your needs.

When your inheritance tax liabilities are taken care of, you can rest assured – it's as simple as that!
