

## Who we are

The Blacktower Group has been providing wealth management advice and tailored financial services since 1986.

Over the years, the Blacktower group has evolved into a global company with offices in Europe, Gibraltar, the UK, the US, Switzerland, Australia, and the Cayman Islands, and is continuing to expand its regulatory footprint. Our global coverage means we are able to offer clients a diverse set of products backed by sound knowledge and expertise.

Our business has grown and evolved, but our core values have remained true to our original ethos: Blacktower provides expertise and knowledge to help clients achieve their personal financial goals.

We understand that when you trust a firm with your savings you are doing something extraordinary. It is an honour that should be cherished. At Blacktower, we respect our clients' choices and strive to ensure our client/adviser relationships are based on communication, confidence and understanding.

Our priority is always to achieve the best possible outcomes for our clients and because we are an international Financial Advisory firm, we are able to take advantage of product providers across the globe. We do this impartially, so there is no conflict of interest.
